I.	Rainfall Data	1

Supplement to Cuyahoga County  
Land Development Regulations  
April 21, 2009

- I. We are now requiring updated rainfall data based upon the most up-to-date data available. For all storm events equal to or less frequent than the 1-year storm event (i.e., 1-year through 100-year events), rainfall data shall be interpolated for specific locations within the county based upon the "Precipitation-Frequency Atlas of the United States, NOAA Atlas 14, Volume 2 Version 3. This data is found on the Internet at <http://hdsc.nws.noaa.gov/hdsc/pfds> (Use Partial Duration time series type). Geographic coordinates for specific locations in the county can be found at <http://geocoder.us>.
